Hi Lynn,

Welcome back. Yes I will be at the meeting. We should probably coordinate on the CAG meeting topics and discussion extent.

Hello, Charlie, Pete, Jim.

Attached is the next CAG meeting announcement on 20 Sept.

Charlie, at the meeting could you please plan to present/discuss the draft plume map you've been working on for the Aerojet site with Daewon? I believe we were aiming to show the CAG a draft and see if there are any significant comments for improvement before finalizing it.

Pete, were you planning on coming to the next CAG meeting? Area 40 topics such as ambient air sampling and additional data collection will be on the agenda. Not sure if Jim would also cover that since he usually attends the CAG. I'll ask Chris Fennessy to present what Aerojet's been working on with regard to AA and additional data collection, but you or Jim might want to also be present to discuss DTSC's take.

Thank you,
Lynn
